

# Good News about Our Schools

May 2018

**Colleen Graham  
Instructional Coach**

**Wayne Avenue Elementary School**

Mrs. Graham was nominated by her co-workers. In the nomination it was stated, "Mrs. Graham is our school's Instructional Coach and she does a spectacular job. She works with our teachers on their instructional planning and student assessments. Mrs. Graham spends a lot of time preparing items for the teachers and students including emails, personal notes, phone calls, and sticky notes, all are part of her way of communicating her positive thoughts to the staff. Not to mention, the individual time she spends working with and encouraging the students. Mrs. Graham is much appreciated, and is a tremendous part of our school's success and we are lucky to have her. We love Mrs. Colleen Graham!"

**Candace Gottfried  
ESL Teacher**  
**Dunn Middle School**

Mrs. Gottfried was nominated by a co-worker, Lacey Knox. In her nomination, Ms. Knox stated, "I would like to nominate Mrs. Gottfried for the Golden Apple Award. She is so helpful to us core teachers and really helps our ESL students transition into regular classrooms. She is very passionate about her students and always has a positive attitude."

# DMS College & Career Ready Labs

The Dunn Middle School College and Career Ready Labs are focused on creating a career experience that helps students decide where their interests and aptitudes align within a career pathway. The need for professionals in the STEM, Health Science and Family & Consumer Science fields are greater than ever before. The students will begin the semester working continuously in two person teams, rotating through out the modules while learning to cultivate interpersonal skills and to work with others. By the end of the semester each student will have been given the opportunity to experience up to seven possible career paths.

Some of the 100% hands-on learning experiences include casting a broken bone, starting an IV, 3-D printing, creating and producing an animated series, mixing of compound elements for pharmaceuticals, balancing a checkbook and setting a table for a party of 12, and so much more! Dunn Middle School will be holding a public open house during the summer—watch for that announcement.

It's a great time to be a GREENWAVE!
